**BOSTON** - Out of an abundance of caution due to the spread of COVID-19 in Massachusetts, the Department of Conservation and Recreation (DCR) has announced the temporary closure of certain agency managed facilities effective Saturday, March 14, 2020 through Wednesday, April 1, 2020 at which time DCR will reassess circumstances. Additionally, during the temporary closure all associated events at these locations are cancelled.

Importantly, all state parks and comfort stations across the Commonwealth remain open and available for the public to utilize. DCR reminds residents and visitors to avoid gathering in large groups, maintain social distancing, and practice healthy personal hygiene to stop the spread of the virus.

The temporary closures of certain facilities is consistent with the State of Emergency [declared](#) (</news/governor-baker-declares-state-of-emergency-to-support-commonwealths-response-to-coronavirus>) by Governor Baker on Tuesday, March 10, 2020 and guidance that conferences, seminars and other discretionary gatherings, scheduled and hosted by Executive Branch agencies involving external parties are to be held virtually or cancelled. Additionally, Governor Charlie Baker [issued](#) (</news/governor-baker-issues-order-limiting-large-gatherings-in-the-commonwealth>) an emergency order prohibiting most gatherings of over 250 people to limit the spread of the COVID-19.

For information about the Baker-Polito Administration's ongoing efforts to prevent and mitigate the spread of COVID-19, please visit the Department of Public Health's (DPH) [website](#) (</resource/information-on-the-outbreak-of-coronavirus-disease-2019-covid-19>).
